

## Evaluate an Argument

### Example - Modified GO

Argument:

First Claim (point):

		Yes or No?	Why?
1.	Is the evidence that supports this claim related (relevant)?		
2.	Is the evidence reasonable (valid)?		
3.	Was there enough evidence to prove the point?		

Second Claim (point):

		Yes or No?	Why?
4.	Is the evidence that supports this claim related (relevant)?		
5.	Is the evidence reasonable (valid)?		
6.	Was there enough evidence to prove the point?		

Third Claim (point):

		Yes or No?	Why?
7.	Is the evidence that supports this claim related (relevant)?		
8.	Is the evidence reasonable (valid)?		
9.	Was there enough evidence to prove the point?		

		Yes or No?	Why?
10.	Is there enough evidence to support the argument? (How do I know? My questions are answered and I understand the argument.)		

Total Yes	
# Yes	
9-10	Excellent Argument!
6-8	Good Argument
1-5	Argument not supported.
